WELCOME!!!!

The faculty and staff would like to welcome you and your student to our school.

This handbook has been prepared for parents and students at Carl Junction Intermediate School. Its purpose is to provide you with information about the operation of our school. We hope that you will keep this booklet handy as a reference to assist you in answering some of the questions concerning the school life of your child. However, this handbook is very basic and does not include everything, so if you have questions, please call.

As the school year progresses, if we can be of help to you in any way, please don't hesitate to call 649-7011 between 8:00 a.m. and 4:00 p.m. and make an appointment to meet with teachers or principals. By working cooperatively, we can progress more effectively toward our common goal: to provide the best possible education for our children.

MISSION STATEMENT

Carl Junction Intermediate School's mission is to develop young men and women with active and creative minds while demonstrating understanding and compassion for others. (Written by the 2018-2019 Student Vision Committee)

OVERVIEW OF CONTENTS

Public Schools' chief purpose is to provide educational opportunities for youth of school age. It is the duty of these youth to conduct themselves properly. Regular attendance and diligent study habits are necessary to attain the full benefits of education. Students enrolled at CJHS are expected to observe the rules of proper conduct, as determined by the Board of Education, to maintain an appropriate learning environment. These rules may be communicated through policy, minutes of the Board of Education, the student handbook, and periodic announcements to students.

This handbook seeks to provide a clear statement of the expectations the Carl Junction R-1 School District has for its students, and the consequences that will follow when deviations from these expectations occur. It is intended to insure a safe and orderly environment for learning, and to prevent actions which might interfere with the school's educational mission. The great majority

of Carl Junction Intermediate School students demonstrate good behavior while participating in the educational program. However, a guide is useful in providing pertinent information for students, parents, staff, and other individuals involved with, or interested in, student behavior at CJ Intermediate School.

Specifically, this guide will (1) clarify student behavioral responsibilities, (2) identify student rights, (3) identify illegal and unacceptable behaviors, (4) outline procedures for disciplinary decisions, and (5) establish procedures to appeal decisions. The causes and remedies for discipline problems need to be understood by all persons affected in order to maintain an appropriate learning environment.

This handbook also provides general information that is pertinent for the overall successful operation of the school, and the safety of all students and school personnel.

SCHOOL HOURS

- 7:35 am.....Teachers arrive
- 7:40 am.....Students enter building
- 8:05 am.....Classes begin
- 3:16 pm.....Bus Bell
- 3:30 pm.....Walkers are dismissed
- 3:30 pm.....Teachers leave
- *2:10pm dismissal on Fridays!**

Children should arrive at school **no earlier** than 7:40 a.m. Students will not be allowed into the building until that time. Upon entering the building, they should go directly to their classroom gym, except those eating breakfast, who will go directly to the Commons. Parents who drive students to school should drop them off and pick them up in the Intermediate parking lot. Parents must get in line to drop their child off or pick them up before and after school. You may also park in the parking lot and walk them up to the sidewalk. If you have an appointment after school, please come in and sign your child out no later than 3:00 pm.

Children should not be tardy. Children who are tardy (after 8:05 a.m. bell) are to come to the office to give a reason for the tardiness. The tardy student will not be allowed to attend class until a tardy slip is presented to the teacher.

A note from home would be helpful. Should tardiness persist and be habitual, parents will be contacted either by the teacher or by the principals.

School hours are from 7:40 AM to 3:30 PM. With the exception of after school activities, supervision will not be provided for students outside of school hours. Students attending after school activities must be picked up at 4:30 (5:30 for after school detention). Supervision of students past the designated ending time will not be provided. Please do not drop off or leave children at the school during unsupervised periods. The district will not be responsible for supervising students outside the stated time.

ATTENDANCE

In order to receive maximum benefit from the educational opportunities offered at Carl Junction Intermediate School, all students are expected to attend school regularly. Lifelong habits, which will follow our students throughout their professional and personal lives, are formed by regular school attendance. Cultivating this habit of regular school attendance is a shared responsibility between the school, the parents, and the student. Students should maintain at least 90% attendance. Exceptions will be granted for extenuating circumstances only. Extenuating circumstances are to be determined by administration.

Carl Junction Intermediate School does not attempt to distinguish between excused or unexcused absences.. Absences resulting from Health Department-issued Quarantine or Isolation orders WILL NOT BE counted toward absences. Doctor notes DO NOT excuse an absence but should be turned in to the office to help prove an extenuating circumstance. Parental notes and calls are needed and appreciated to re-admit the student after an absence or to alert us before the absence, but DO NOT excuse the absence. If you feel your child has an extenuating circumstance, please notify the Dr. DeMasters.

***WHEN YOUR CHILD HAS BEEN ABSENT, PLEASE SEND A NOTE.** When a child is absent, our SchoolMessenger program will place a call to the parents that evening. After a child has missed 5 days or more, the school will notify parents through a letter. The Jasper County Juvenile Office may be contacted if absences fall below 90%. **Students will be given one day for each day absent to make up any absent work.**

PERMISSION NOTES

Occasionally, boys and girls will wish to go home with a friend after school. It is our policy that we allow children to leave school with another child **only when a written note** has been provided by the parent/guardian giving permission. Please keep us informed when there is a change from the regular routine. Students **will not** be allowed to call home for a note once they have arrived at school. **Students will not be allowed to ride a bus home with another student.**

LUNCH SCHEDULE

4TH GRADE – 10:50-11:15

5TH GRADE – 12:15 – 12:40 12:45 – 1:10

6TH GRADE – 11:20 – 11:40 11:45 – 12:05

BREAKFAST, LUNCH AND MILK PRICES

The payment of lunch and milk money for the Intermediate School will be handled through a debit account. If a student's balance reaches a negative \$5.00, the student will not be able to charge anymore until the balance is paid in full. Once the negative \$5.00 limit has been reached, the student has the option of (1) bringing a lunch from home or (2) paying the amount due.

Parents may send money weekly, bi-weekly, or monthly. The money will be credited to your debit account and each lunch the child eats will be automatically deducted. The following list may help determine the preferred method of payment. **Milk is \$0.40. Breakfast is \$1.35, and lunch is \$2.60.**

- Parents are encouraged to complete the National School Lunch Program application for free and reduced breakfast and lunch.
- When the balance drops below \$5.00, parents will receive an automated phone message and email on Monday through Thursday evenings until the balance is increased to at least \$5.00.

- When students' account balances are below negative \$3.00, school personnel will attempt to contact parents by phone.
- When students' account balances are below negative \$5.00, no school food services will be provided. Cheese sandwiches will not be served.
- If a teacher or a parent wants to provide a pizza party for their class, it cannot be served during the lunch service. It must be a smart snack compliant pizza. This can be ordered through the food service director. Food service can get a cheaper rate with Papa John's. The teacher or parent just needs to reimburse food service for the cost of the pizza.
- If the teacher or parent wants to have the pizza party during the lunch service, kitchen staff will have to serve 1 slice per student on a reimbursable tray. The student will have to pay for the tray like a normal lunch (unless they are free). In the new nutrition software, it will no longer be possible to charge a student tray to an adult account. Extra pizzas can be ordered to consume in the classroom, but the teacher or parent will be responsible for the cost of the extra pizzas.
- Process:
 - Contact the food service director with a day, time, and count for the pizza party.
 - Food service director will order pizza and communicate price to teacher.
 - Pizza will either be consumed during lunch (student responsible for cost) or outside of the lunch period (parent or teacher responsible for cost).
 - Parent or teacher will reimburse food service for the cost of the pizzas.

CAFETERIA BEHAVIOR

Children coming to lunch will wait in an orderly manner in the cafeteria line. The noise level in the cafeteria will be kept to a minimum at all times. Quiet talking with immediate neighbors is permissible.

Children will not move food from one tray to another. This should help minimize the spread of germs, encourage the children to eat a variety of foods, and reduce confusion in the cafeteria.

Children are to leave the cafeteria tables and floor clean. Milk cartons, straws, and napkins must be put into the wastepaper baskets. Special care should be taken to put silverware quietly into the containers provided.

Lunchtime should be a pleasant experience for everyone. All behavior and conversation should reflect this attitude.

DELIVERIES

It is a district-wide policy that **NO** flowers, balloon bouquets, candy, or deliveries from restaurants may be delivered to students at school. This includes Door Dash or any other services. Any deliveries will be returned to the business they came from.

CHANGE OF TRANSPORTATION PLANS

Due to increased office traffic and high volumes of phone calls, especially in the late afternoon, **we request you to contact the office prior to 1:00 PM (Monday through Thursday; 12:00 on Friday)** if you need to make a change in your child's after school transportation. We understand emergencies do arise, but if at all possible, please let us know as soon as possible. This will help us ensure your child receives the information before school is dismissed.

Students are not permitted to ride a bus home with a friend. Students may only ride their assigned bus.

GRADES

Report cards are issued four times a year. Our reports are Standards-Based with a 3-point scale (3 proficient, 2 approaching, 1 beginning).. If you are concerned about your child's grades, progress, or behavior, please contact the teacher as soon as possible so we can work together to help your child. Your child's scores are available through SIS. ***Teachers may contact parents of students with multiple missing assignments to stay after school from 3:30 PM-5:30 PM to get caught up. Students must have all missing work complete for before being allowed to retake an assessment for that content. This will have to be made up either in after school.***

LOST AND FOUND

All clothing such as coats, hats, gloves, galoshes, etc., need to be marked with student's name. Numerous unclaimed coats, hats, gloves, etc., are left at the close of the year. Students should be reminded to check the "lost and found" box frequently. Any unclaimed articles of clothing or other equipment will be given to charity at the end of each quarter.

PARTIES

There are three parties for the Intermediate School children during the course of the year. These are Fall Festival, Christmas, and Valentine's Day. Other parties or outings may be planned on a room or grade level basis. Children who do not attend school parties for religious reasons should still attend school party days. Special provisions are made during the parties for such students.

HOMEMADE TREATS ARE NOT ALLOWED AT SCHOOL.

SEVERE WEATHER AND SCHOOL CLOSINGS

Whenever school is canceled due to weather conditions, the three television stations, several Joplin radio stations, and one radio station in Pittsburg will be notified. The "SchoolMessenger" telephone message system will also notify parents. Any children new to the district should be made aware of this procedure. Please be sure that each child has instructions from home about what to do if the parents are working and it is necessary to send the children home early.

On days when there is an unexpected school closure, an Alternative Methods of Instruction (AMI) plan may be implemented. AMI plans allow students to continue learning during school hours that are lost or canceled due to exceptional or emergency circumstances. Teachers will review expectations for AMI days with students early in the year and will revisit AMI assignments regularly throughout the year. All students will have access to AMI assignments, either electronically or on paper. The school district will notify students and parents on each day of closure whether the AMI plan is to be implemented for that day.

SPECIAL SERVICES

Students Eligible for Special Education Services under the IDEA

The district's programs and services available to meet the needs of students with disabilities will be in accordance with applicable federal and state laws governing special education services, including the State and Local Plans for the implementation of Part B of the IDEA. However, if the State of Missouri does not receive or accept federal IDEA Part B funds, nothing in this policy shall be read to require anything, procedurally or substantively, that is not required by the governing law.

The Intermediate Building has an inclusive special education program, in which students participate in the regular classroom, with the assistance of a paraprofessional. Learning Resource rooms are also part of the Special Education Program.

Speech and language therapy is also available. If you are interested in obtaining more information about these programs, please call the Coordinator of Special Services at 649-7034.

STUDENT NAME CHANGES

In order to keep our records accurate for future referrals for the State Department, Social Security and others, we need to keep records under the child's **LEGAL NAME**. For our purposes, this will be the name as seen on the birth certificate, which was required at the time of initial enrollment. For cumulative records, including test scores, health information, and grade cards, we will change the name only if a new birth certificate or court order for name change is presented.

We will accommodate families by using whatever name they prefer in the classroom. For example a child's legal name is John Smith and the parents want the child to go by John Doe, our records will show John Smith (Doe).

TELEPHONE USAGE

Students should use the telephone only in unusual circumstances and only with a note from the teacher. Plans to visit a friend after school, for example, should be made before or after school. Cell phones, if brought to school, must be turned off and in lockers. Students are not permitted to use their cell phones while at school to text or call. If a student violates this, the phone will be taken and returned at the end of the day for the 1st offense. If there are further offenses, the phone will be held until the parent picks it up.

LOCKERS

The 4th and 5th graders will use lockers without locks on them to store their backpacks, books, and coats. Sixth grade lockers will have locks that are provided by the school. Please stress the importance of not bothering other student's lockers and belongings.

"The usage of illicit drugs and the unlawful use and possession of alcohol is wrong and harmful". The disciplinary action for this type of offense will be out of school suspension.

RETENTION OF STUDENTS

For certain students, repeating a grade may be beneficial to their long-term progress. Many factors are considered when contemplating a child's retention - general level of maturity, individual ability, daily work, successful completion of local classroom objectives, etc. Teachers will keep parents informed of their student's progress through daily work, parent-teacher conferences and quarterly report cards.

If retention is indicated, parental support is very important. By communicating regularly with parents, we strive to make such a decision cooperatively, but it shall be the responsibility of the building principal to make the final decision.

BUS CONDUCT

Safety on our school buses is one of our top priorities, and we are certain that all parents share in this concern.

We encourage you to discuss the problem of safety with your child. If you have a question about a concern on the bus, we suggest first that you contact your child's driver and then if the problem continues, call the school. We want to work toward another safe year of bus riding.

The following are a few items students need to understand:

1. The driver is in charge and must be obeyed promptly without the student talking back.
2. Students must be seated and remain seated at all times unless they have permission from the driver to change seats. The driver has the authority to assign children to permanent seats when deemed necessary.
3. Students must not throw things on the bus or from the bus.
4. Classroom conduct is to be observed by students. They must keep the noise down to a low tone, talking only to the person in the seat with them or in the seats near them.
5. Arms and heads must be kept inside the bus at all times.
6. Talking must cease at all stop signs or railroad crossings.

7. Aisles must be kept clear for students boarding or leaving bus.
8. Students must cross in **FRONT**, not in back, when leaving the bus, and they must not try to hang on, throw objects under the wheels, etc. They are not to stop at the mailbox for mail until the bus has pulled away.
9. Any damage, except for accidental damage, to the bus must be paid for by the student causing such damage. This must be done before they will be allowed to ride again. (Example: Broken windows, cut seats, etc.)
10. Pocket knives and other weapons are not permitted on the bus.
11. Nuisance items, such as water guns, flippers, etc., are not allowed.
12. Students waiting at bus stops must remain out of roads or streets and must conduct themselves in an orderly manner. They should not arrive at the bus stop more than 5 minutes before the bus picks them up.
13. Older students are asked to help control younger brother and sisters.
14. Students who do not obey these rules will be issued a bus discipline slip by the bus driver. The student will be required to visit the principal's office regarding the bus discipline slip. The first bus slip constitutes a warning to the student. The second bus slip results in a three-day suspension from the bus. The third bus slip requires a five-day bus suspension. The fourth bus slip will result in a 10-day bus suspension. If the student receives any additional bus slips he/she will be suspended from riding the bus for the remainder of the school year.

PUPIL INFORMATION OR CHANGE OF ADDRESS

It is the student's responsibility to notify the office immediately of any change to name, address, home telephone number, or parents'/guardians' work telephone number. It is very important to keep our records up to date in order to contact a parent/guardian in case of an emergency.

CURRICULUM & INSTRUCTION

Our district, in accordance with the law, will notify the parents/guardians of each student enrolled in the district of the basic content of the district's human sexuality instruction that will be provided to their student. The district's human sexuality instruction shall include, but is not limited to:

- the characteristics of, and ways to identify, sexual predators;
- the safe and responsible use of the internet, including dangers of online sexual predators;
- the potential consequences of inappropriate texting and the importance of open communication with responsible adults regarding any inappropriate situation, activity, or abuse.
- trauma-informed, developmentally appropriate training on sexual abuse.

The district will also notify parents/guardians of their right to remove their student from any part of the district's human sexuality instruction. For more information please click on the following policy link, [Policy IGAEB](#).

Because virtual instruction can be an effective education option for some students, the district may offer virtual courses to students through district staff or by contracting for those services as part of the district-sponsored curriculum. In addition, eligible students may enroll in virtual courses offered through the Missouri Course Access Program (MOCAP). For more information please click on the following link [Policy IGCD](#).

AMI (ALTERNATIVE METHOD OF INSTRUCTION) PLAN

The AMI Plan is established for use during extended school closures so that students have the opportunity of continuous enrichment and learning during a time when students are not able to attend school due to extended weather and/or health-related incidents. When it is necessary to implement the AMI Plan, students and parents will be notified through social media, email, and district phone calls home.

During AMI implementation, students will receive instruction and enrichment materials over the Priority Standards for each content area that would have been taught during the extended closure. Students will be given independent practice and application of previously taught concepts, enrichment, and new instructional content. The instructional plan for AMI days for students with disabilities will be documented in each individual student's IEP.

Students will be provided materials and assignments through electronic/web-based instruction, Canvas, textbooks, library/classroom library books, manipulatives, learning games, teacher-created materials and packets/worksheets. Completion of lessons and activities will be turn in on the next date of attendance or submitted online or mailed/brought to the school for dropoff.

DISTRICT ASSESSMENTS

Student/Parent Notification of Statewide Assessments:

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the standards adopted by the Missouri State Board of Education. Missouri law does not permit students to opt out of statewide assessments.

The district's policy on student participation in statewide assessments is made available in the district's office for public viewing as well as on the district's website, Policy IL. Specific assessment information can be found on the district's website under Our District/Academics/Assessment.

CARL JUNCTION INTERMEDIATE SCHOOL DISCIPLINE POLICY AND GUIDELINES

The Carl Junction R-1 School District has listed the major problems that may interfere with the education of students. If a student chooses to involve himself in these problem areas, a listed disciplinary action may be the consequence for the behavior. Please be aware that this handbook contains guidelines and does not describe all behaviors, nor does it describe the many positive activities used to help students change their behavior. The purpose of discipline is as follows:

1. To promote an appreciation of good behavior as a necessary condition of living and working in a free, democratic society;
2. To encourage self-control in the interest of cooperative living, working, and as an obligation that each individual owes to others;
3. To teach students to have respect for proper authority whether that authority is in a person, in a group, or in laws and regulations, with the recognition that proper authority is a necessary and desirable ingredient in group living;
4. To develop the ability to exercise freedom wisely and to realize that there is no freedom from consequences of one's actions; and
5. To increase the ability for assuming responsibility for sharing in problem-solving situations within a group. To this end, every effort should be made to have the discipline within the school be a learning experience that will contribute to the continuous growth of pupils. However, it is recognized that there will be times when authority vested in the schools must be used to control pupils by methods which, in and of themselves, do not contribute to desired growth. Occasionally, in spite of the efforts of teachers, there will be a few students who must be made to understand that they must conform to rules and regulations or be released from school.

The Excellence in Education Act of 1985, Section 5, deals with the establishment of a discipline code and specifically outlines responsibilities as follows:

1. The local Board of Education of each school district shall establish a policy of discipline, a written copy of which shall be made available in the office of the superintendent of such district during normal business hours for public inspection;
2. The policy shall contain the consequences of failure to obey standards of conduct set by the local Board of Education and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged;
3. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, and during intermission or recess periods; and
4. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of school children, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policy of discipline developed by each board under this section.

SPECIAL EDUCATION/HANDICAPPED

“Handicapped and/or Special Education students are not exempt from the disciplinary process, nor are they entitled to participate in district programs when their behavior significantly disrupts the educational process for other students or impairs the good morale or conduct of other students. However, it will be necessary to determine whether the behavior exhibited is related to the student’s handicapping condition.” - Carl Junction R-1 School District Compliance Plan Public Law 94-142. For specific guidance refer to the compliance plan’s policy on Discipline/Suspension/Expulsion Handicapped Students.

DUE PROCESS - YOUR RIGHT OF DUE PROCESS

This booklet has explained the major disciplinary problem areas and the actions that may result for those students who will not follow the rules. All students are entitled to due process. This means that no action will be taken against a student until the facts have been presented by everyone involved and a judgment has been made. There are certain procedures which school officials must follow prior to taking appropriate disciplinary actions. There are also procedures which students must follow if they do not agree with the school’s actions. Hopefully, students will never be in a situation where they need the protection of due process. If, however, a student does become involved in a suspension or expulsion, both the student and his/her legal guardian, upon request, will be given a more detailed description of the due process procedure. Students will have knowledge of all charges against them and have the opportunity to express their side of any incident in which they may be involved. If the student is dissatisfied with any decision, he/she has the right to appeal through the following channels:

1. Principal;
2. Superintendent; and
3. Board of Education (Appeals must be in writing and within 10 days of the previous decision. A hearing date will be established within 10 days of receipt of an appeal).

DISCIPLINE POLICY AND DEFINITIONS

Any behavior on the part of the students, which distracts from the educational process of the school or adversely affects the health and/or safety of students, is prohibited. This policy applies to extracurricular activities as well as those taking place during the school day. Before school, between classes, after school, and at all extracurricular activities, student conduct should reflect concern for others. Students are expected to respect each other, school staff members, private property, and school property.

This handbook explains what actions will be taken if students choose to break a policy. Students are responsible for knowing the steps outlined in the policy and for acquainting their parents with them. These steps apply, unless in the discretion of the administration, the student’s action requires more or less discipline than stated in the policy. We, at CJHS, would much prefer to prevent discipline problems rather than to punish the student after the problem occurred. We welcome hearing from parents and will use the resources of the school to help any student prevent problems.

Students are subject to disciplinary action up to and including expulsion for serious misconduct away from school and school activities and outside of normal school times for serious acts of misconduct, which may impact the school environment. Such misconduct will generally be disciplined pursuant to the district’s discipline policy as if the misconduct had occurred at school.

CORPORAL PUNISHMENT

Corporal punishment is the use of physical force as a method of correcting student behavior. No person employed by or volunteering on behalf of the Carl Junction R-1 School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district’s policy on student seclusion, isolation and restraint is not a violation of this policy.

STUDENT SEARCHES

Students have no expectation of privacy in lockers, desks, computers, or other district-provided equipment or areas. The district will conduct periodic and unannounced administrative searches of lockers, computers, and other district equipment.

The district uses dogs to indicate the presence of alcohol, drugs, or other prohibited substances on campus, including the parking lot. Additional searches of bags, purses, coats, electronic devices, and other personal possessions in accordance with law.

The district may require a student to submit to a drug or alcohol test if there is reasonable suspicion that the student has consumed prohibited substances. See [Policy JFG](#) and [Policy JFCI](#) for further information.

AUDIO/VISUAL RECORDING

Because the district predominantly serves minors, is subject to a number of confidentiality laws, respects parent/guardian and community concerns about privacy, and seeks to minimize disruption to the education environment, the district prohibits audio and visual recordings on district property, district transportation or at a district activity unless authorized. To find more information about our district's policy on audio and visual recording see [Policy KKB](#).

Teachers may also authorize the use of cell phones or other electronic devices in their classrooms as a part of instructional activities. Cell phones and other electronic devices must be used under the supervision of a staff member and cannot be used in restrooms or locker rooms at any time. Any student found using his or her phone or other electronic device in violation of this policy will be disciplined according to the high school discipline code. Students may be asked to sign an agreement stating they will have no contact with a specific student or students at any time during the school day, on school buses, school property, or at any school sponsored event.

DETENTIONS

Detentions will be held on Monday through Thursday from 3:30-5:30 PM. Students are to report to the office prior to detention. Everyone must bring something to work on while in detention. Students asked to leave detention because of misbehavior (talking, refusing to study, etc.) will be required to retake the detention and additional discipline will be administered. You may not leave campus and return to detentions or vice versa. Students will be disciplined according to school policy if detentions are not served on time.

IN SCHOOL DETENTION (ISS)

Students will be removed from the regular classroom setting and will be assigned to an alternative classroom and teacher when appropriate. Students are allowed to make up work missed in their classes while in ISS. While in ISS, students will be given assigned work in addition to their schoolwork. It is the student's responsibility to bring books and materials to ISS as they will not be allowed to go to their locker while in ISS. Students in ISS will not be allowed to participate in any school activities until the total days of ISS have been served. These school activities include, but are not limited to, field trips, assemblies, contests, athletic events, dances, plays, etc. Any student not following the rules of ISS may be assigned out-of-school suspension (OSS). Students may be removed from ISS for not working, sleeping, talking, or any other disruptive behavior as determined by school personnel. Once returning from OSS, the student is required to finish the ISS time.

Students will be removed from the regular school setting or ISS when deemed appropriate. They will not be allowed to attend classes, be on school grounds without administrative approval, attend extra-curricular or co-curricular activities taking place at non-school locations and/or participate in any school functions while under suspension. Students will be allowed to complete, for credit, work assigned while under suspension. Students are prohibited from being within 1,000 feet of school if serving a suspension for an act of violence, drug-related activity, or specified offenses.

CONFIDENTIALITY

REPORTING TO LAW ENFORCEMENT OFFICIALS

Any felony, or any act which if committed by an adult would be a felony listed in Board of Education Policy JGF, that is committed on school property, on any school bus, or at any school activity must be reported by the appropriate school administrator and to the appropriate law enforcement agency as soon as possible.

STUDENT RESPONSIBILITIES

Students have the responsibility to respect and honor the rights of all persons involved in the educational community, to exercise the highest degree of self-discipline in observing and adhering to state and local laws, to the Student Handbook, and to district and school policies and procedures. Responsibility is inherent in the exercise of every right. It is impossible to list all student responsibilities, but it is emphasized that the lack of responsibility creates infringement on the rights of others.

STUDENT RIGHTS

Correspondingly, it is impossible to list all the rights of students. Therefore, the following rights shall not be construed to deny or limit others retained by students at their school in their capacity as students.

1. Students have the right to a meaningful educational opportunity and the maintenance of a quality curriculum.
2. Students have the right to expect that the school will be a safe place to gain an education.
3. Students have the right, at reasonable times, to consult with teachers, counselors, administrators, and anyone else on the staff.
4. Students have the right to the election of their peers in student government.
5. Students have the right to submit ideas in the development of policies.
6. Students have the right to submit grievances to school authorities and the right to receive authoritative replies from school authorities.
7. Students have the right not to be penalized for beliefs they hold provided they do not violate the rights of others.
8. Students have the right to participate in school activities without unlawful discrimination provided they meet all standards of eligibility as declared by the MSHSAA, R-1 Schools, and their organizations.

School is a place where students come to get an education. We think they should be able to learn in a school that is safe and orderly. Consequences for breaking rules are established, not for the responsible majority, but for the irresponsible few.

All students are expected to follow the Bulldog Code of Conduct: Be Responsible, Respectful, and Safe.

Pupils enrolled in school shall observe the general rules of proper conduct, the rules and regulations of the Board of Education (as set forth in this policy manual, minutes of the Board of Education, student handbook, and periodic announcements to the students), as well as the rules of the superintendent, the principals, and the teachers as set forth by the advantageous operation of the school. See the following page for expectations of behavior in different settings.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT NOTIFICATION

The Family Education Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (eligible students) certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment.

Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The District will release the names, addresses and phone numbers of secondary students to military recruiters or institutions of higher education unless the parent/guardian notifies the District otherwise. The District will also release directory information without parental consent unless the parent/guardian notifies the District otherwise. Even if parents or eligible students notify the district in writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law.

NUTRITION GUIDELINES

The nutrition guidelines outlined in this section do not apply to food or beverages brought from home by students for consumption solely by the student or food or beverages created or used by students as part of the district's instructional program.

It is the policy of the Carl Junction R-I School District that all foods and beverages sold to students during the school day on any property under the jurisdiction of the district will meet the U.S. Department of Agriculture (USDA) school meal and Smart Snacks in School (Smart Snacks) nutrition standards. CARL JUNCTION R-1 SCHOOL DISTRICT PHILOSOPHY AND GOALS

DISTRICT PHILOSOPHY

A democratic society depends upon a public education designed to prepare students to become productive members of society. Carl Junction Public Schools strive to provide an environment which recognizes each student as a unique individual with special abilities. Addressing these abilities requires a curriculum that promotes the intellectual, physical, social, and career development of all students on a level commensurate with their capabilities, thus preparing responsible citizens accountable for their own actions.

We believe the school is an integral part of the community, and as such, must compliment the child's development as a member of their community. Students should have access to educational opportunities regardless of race, color, creed, or socioeconomic status. In turn, students are expected to achieve to their greatest potential, enabling them to make their greatest contribution to society.

Educational developmental is a life-long process. A thorough understanding of basic skills is essential for all areas of development. It is also necessary to teach students how to adapt to an ever-changing society. Opportunities for growth in vocational skills, fine arts, and humanities will enable students to develop technical skills, creativity, self-expression, and authentic values. Guidance through these processes develops the desire and skills to continue learning throughout life. Additionally, we will foster a feeling of self-worth by providing all students with opportunities to succeed. It is our intent that parents/guardians impart to students a basic confidence in our schools. Only through the joint efforts of all students, educators, and parents can the goals of education be fully set.

DISTRICT GOALS

The Carl Junction Schools recognize the responsibilities of providing the learning vehicle that will promote the development of sound minds, healthy attitudes, and productive citizens. The school administration will endeavor to secure, promote, and encourage the most qualified staff available and provide a properly regulated learning environment with a skillful administration of authority.

We also feel that citizens of the Carl Junction community and students jointly share this responsibility. Parents/guardians should participate in school activities and encourage students to give their best efforts to daily school responsibilities. Our goals correspond closely to those established for all Missouri schools by the Missouri Department of Elementary and Secondary Education, and are relevant to the needs of our community. Students will be provided with opportunities to develop to the extent to which they are capable of achieving in the following four areas:

- **Intellectual Development**

It is the goal of this district to promote a positive attitude toward learning in a success-oriented environment geared to individual abilities. Students will have appropriate educational experiences that allow them to become competent in the basic skills and

functionally literate members of society. Students will have the opportunity to become proficient in communication, quantitative thinking, scientific understanding, analytical and critical reasoning, decision making, and aesthetic appreciation.

- Physical Development

It is the goal of this district to promote a positive attitude toward physical activity, good health, and constructive recreational activities. Students will be provided systematic and sequential instruction in nutritional, health, and safety concepts as applied to human development and well-being.

- Social Development

It is the goal of this district to foster feelings of self-worth and to convey the concept of responsibility for one's own actions. Students will be provided opportunities to develop social skills, to understand their relationships to historical perspectives, to develop positive attitudes toward the aesthetic qualities of their environment, and to develop practical living skills. Students will develop knowledge of and respect for different racial, religious and social backgrounds, and be exposed to positive moral and ethical values.

- Career Development

It is the goal of this district to offer opportunities that prepare students to be responsible citizens and productive family members. Students will be provided information and appropriate activities to develop skills necessary for economic self-sufficiency. These activities will touch on the social significance of work and will provide guidelines for analyzing one's aptitude for various careers choices.
